Our engraving department can help choose the best location for engraved text and images. For special engraving requests, (on a separate page) please provide a sketch showing placement of your text and/or image. Length of text lines may be limited by the size and design of the urn selected. Languages with written characters (logograms) are considered custom images (Hangul, Kanji, Hiragana, etc.). For accuracy, a PDF with the text is preferred, if possible. **Have any questions?**
